THE COLLEGE CREST

The emblem, together with the motto Education for Total Liberation, is symbolic of the ideals the college stands for. The open book, the pen and receiving hands represent the reception and assimilation of knowledge which liberates the individual from the debilitating shackles of ignorance and incapacity. However, the growth and evolution of the individual through education is not seen as an end in itself. The training, both academic and extracurricular, seeks to foster in the students a keen awareness of their communities armed with the skills to contribute positively to change and reconstruction where required.

The symbols take a new dimension of meaning in connection with the Patron Saint of the College, Mother Mary, whose offering hands represent a complete surrender to the Eternal Wisdom. The tool for imparting wisdom, the pen, from another angle looks like a lighted candle that dispels the darkness of ignorance and it signifies that the learning one receives at the institution is not to be kept to oneself but to be disseminated in the community.

THE AIMS AND OBJECTIVES

It is with the objective of meeting the higher educational needs of the youth of Wayanad that the Catholic Diocese of Mananthavady undertook the mission of establishing and managing Mary Matha Arts & Science College. As a Christian Institution, it endeavours to inculcate human values and social justice as envisaged by Jesus Christ. It considers education not just as a search for knowledge but as a great mission in which both the teachers and the students participate in the process of developing human resource for the benefit of the society and the nation.

The college seeks to instil in the students an awareness of their social rootedness and encourage them to be active participants in the construction of a just social order.

Though a minority institution, the college includes in its purview the educational aspirations of the community as a whole, irrespective of religion, caste and social status. The college tries to facilitate and encourage higher education among people who have been denied such opportunities because of social and economic backwardness. The college, situated in a tribal area, takes special care to provide opportunities and facilities to tribal students aspiring for higher studies. Thus the college seeks to foster equitable social development through the empowerment of individuals who can contribute to the common good.
