

Mary Matha arts & science college

March-April 2018

The academic activities came to an end with the onset of End-semester University examinations by the end of March 2018. There occurred a few more programmes prior to the closing of the academic year. The World Forestry Day was observed on 21st March in which the Deputy Conservator of Forests addressed the students and distributed certificates to the NCC Cadets who participated in a survey conducted to assess the success of the Tree Plantation programme of the Forest Department. The Department of Zoology arranged a Photo Exhibition with the help of Mr Francis Baby, an award winning photographer, to spread the message of water conservation on the World Water Day. The Radio Mango held a pace bowling trial as part of their initiative to discover prospective pace bowlers to be trained at MRF Pace Foundation. Mr Rahul John (II BSc Physics) got selected to the next phase. Our NSS Volunteers helped the organizers of Vitthulsavam held at Kartikulam with the conduct of the programme. Two of our students, Mr Mohammed Hussain V (III BSc Chemistry) and Ms Anju VB (III BSc Maths), have qualified in the JAM Examination 2018.
