

**Mary Matha arts & science college**

**April-May 2018**

Amidst the end-semester University examinations (regular) and the year-end SDE examinations, a few more activities have been keeping the otherwise quiet vacation time moderately lively. The Department of Commerce and the Department of Physical Education jointly organized a seven day workshop with the assistance of the IQAC on Research Methodology and Data Analysis with Statistical Packages from 7 to 13 May 2018. Dr P Rajesh, Assistant Professor of Economics at Govt. Engineering College Thrissur, was the chief resource person. In addition, the Department of Commerce conducted a Certificate Course in Tally during the vacation for about twenty students who completed B Com this year. The campus also witnessed competitions in the junior badminton championship organized by the district Badminton Association. Kannur University informs us that the online registration for admission to the Degree Programmes in all the affiliated colleges will begin from May 19, 2018. The admission process is expected to be over by the end of June 2018 and the first semester classes are likely to start in the first week of July 2018.
