

March-April 2019

National Assessment and Accreditation Council, Bangalore the apex body of the UGC, assesses the performance of Higher Education Institutions after every five year based on the self study report submitted. Mary Matha Arts & Science College was well into the last phase of its III cycle of accreditation and completed all the formalities for the submission of the Self Study Report of the college. NAAC approved our DVV clarification and intimated us that the Peer Team visit would be scheduled on 29th and 30th of March 2019. College community, including the management whole heartedly worked and made all the arrangement for the visit leaving no stone unturned. As part of the infrastructural development, college successfully set up a new A/C conference hall and seminar hall.

The peer team consisted of PROF.WUDAYAGIRI RAJENDRA (Chairperson), Former Vice Chancellor of Sri Venkateswara University, Tirupati, PROF.K.K.AGARWAL (Member Co-ordinator) and DRANJALI KULKARNI (Member). The peer team evaluated the report of the college and made meticulous assessment of the college activities. They gave us insightful comments and measures for the improvement of the college. The team specially recommended us to improve our academic performance and also to improve the status of administration. College got B++ Grade with 2.85 CGPA.

Subsequent to the retirement of Dr Savio James from the post of principal, Dr Maria Martin Joseph assumed the office as the principal on 31st March 2019, F.N.

The second semester university examination began on 8th April 2019.

Requesting your prayers and support to take the college to greater heights. Thank You.

Dr Maria Martin Joseph
Principal
