

2021-2022

Feedback from all the students were collected during the year 2021-2022. Feedback forms were designed using Google Form which is a survey administration software from Google. The stakeholders were given a set of questions. For each question they were given five options to choose from, which are, below average, average, good, very good and excellent. Each of the options were later mapped onto a rating of five point scale. The highest rating of 5 is excellent, while the lowest rating 1 is below average. Questions on restrooms and hostel facilities were given only to female students.
